

# BULLET FOR MY VALENTINE

SCREAM AIM FIRE

### SCREAM AIM FIRE

Kill your enemies my brothers dead around me \* Wounds are hurting death is creeping for me  
Smoke is blinding hearts are pounding \* Chaos soon ignites \* The call is made it's one for all  
Will I meet my maker \* Over the top over the top \* Right now it's killing time \* X3 \* Over the top over  
the top \* The only way out is to die \* God has spoken through his conscience \* As I scream aim and  
fire \* The death toll grows higher \* X2 \* F\*\*\* this battlefield the bullets tear around me \* Bodies  
falling voices calling for me \* Limbs are flying men are crying \* Such a hurtful sight \* The call is  
made it's one for all \* Take no prisoners \* Over the top over the top \* Right now it's killing time \* X3  
Over the top over the top \* The only way out is to die \* God has spoken through his conscience  
As I scream aim and fire \* The death toll grows higher \* X2 \* Over the top over the top \* Right now  
it's killing time \* X3 \* Over the top over the top \* The only way out is to die \* God has spoken through  
his conscience \* As I scream aim and fire \* The death toll grows higher \* X2

### EYE OF THE STORM

Can you hear the thunder \* Can you feel the rain it pours \* Nail down all your windows  
Then barricade the doors \* Mother nature's fury \* She takes you by the hand \* Showing all but mercy  
Wreaking death upon the land \* Go \* Caught in the eye of the storm \* Did the heavens just open and  
fall \* We are caught in the eye of the storm \* All that's left are just bodies to mourn \* Can you see the  
lightning \* Can you feel the wind it soars \* Pack up your belongings \* Let chaos take control \* Mother  
nature's fury \* She takes you by the hand \* Rip this world to pieces \* Bid farewell to all you know  
Go \* Caught in the eye of the storm \* Did the heavens just open and fall \* We are caught in the eye of  
the storm \* All that's left are just bodies to mourn \* Caught in the eye of the storm \* X2 \* Can you hear  
the thunder \* Can you feel the rain it pours \* Nail down all your windows \* Then barricade the doors  
Mother nature's fury \* She takes you by the hand \* Showing all but mercy \* Wreaking death upon the  
land \* Go \* Caught in the eye of the storm \* Did the heavens just open and fall \* We are caught in the  
eye of the storm \* All that's left are just bodies to mourn \* To mourn

### HEARTS BURST INTO FIRE

I'm coming home \* I've been gone for far too long \* Do you remember me at all \* I'm leaving  
Have I f\*\*\*ed things up again \* I'm dreaming \* Too much time without you spent \* It hurts  
Wounds so sore \* Now I'm torn \* Now I'm torn \* I've been far away \* When I see your face \* My  
heart bursts into fire \* Hearts burst into fire \* You're not alone \* I know I'm far from home \* Do you  
remember me at all \* I'm leaving \* Do you wait for me again \* I'm screaming \* No more days with-  
out you spent \* It hurts \* Wounds so sore \* Now I'm torn \* Now I'm torn \* I've been far away When  
I see your face \* My heart bursts into fire \* Hearts burst into fire \* My bed's so cold so  
lonely \* No arms just sheets to hold me \* Has this world stopped turning \* Are we forever to be apart  
Forever to be apart \* It hurts \* Wounds so sore \* Now I'm torn \* Now I'm torn \* I've been far away  
When I see your face \* My heart bursts into fire \* Hearts burst into fire \* I'm coming home  
I've been gone for far too long \* I'm coming, remember me at all \* Do you remember me at all  
I'm leaving \* I'm dreaming \* I'm dreaming \* My heart bursts into fire

## WAKING THE DEMON

Helpless my eyes are bleeding from the fear that's inside \* You sealed your demise when you took what was mine \* Don't try and stop me from avenging this world \* No voice to be heard \* Waking the demon \* Where'd ya run to \* Walking in shadows \* Watch the blood flow \* There's not much longer so don't try and fight \* Your bodies weakening walk to the light \* Those painful times so alone so ashamed \* I'm not coming back there's nothing to gain \* Caution there's just no limits to the boundaries you push \* I've warned you but still you just f\*\*\* with my mind \* There's no escape from this rage that I feel \* Nothing is real \* Waking the demon \* Where'd ya run to \* Walking in shadows \* Watch the blood flow \* There's not much longer so don't try and fight \* Your bodies weakening walk to the light \* Those painful times so alone so ashamed \* I'm not coming back there's nothing to gain \* Breathe for me \* Don't wake me from this slumber \* Stay with me Possession taking over \* X2 \* Breathe for me \* Don't wake me from this slumber \* Stay with me Possession taking over \* X2 \* Waking the demon

## DISAPPEAR

Once again the same things on your mind \* Increasing pulse from what goes on inside \* Will you pay for what you've done, hatred \* Paybacks such a bitch her vengeance haunts you \* So what's wrong tough guy why the tears \* You drove me to this now you disappear \* Now all those acts repaid \* Your turn to be afraid \* Not longer almost done \* Oh god just what have I become \* X2 \* Try to fight you only make things worse \* Screams of agony your final verse \* Now you're begging for your life breathless \* All the times I bled my vengeance takes you \* So what's wrong tough guy why the tears You drove me to this now you disappear \* Now all those acts repaid \* Your turn to be afraid \* Not longer almost done \* Oh god just what have I become \* X2 \* Your sweetest dreams turn into tears It's almost done \* They're almost gone \* Our darkest days they fade away \* It's almost done \* They're almost gone \* So what's wrong tough guy why the tears \* You drove me to this now you disappear X2 \* Now all those acts repaid \* Your turn to be afraid \* Not longer almost done \* Oh god just what have I become \* X2

## DELIVER US FROM EVIL

What's happening to me \* I'm dying from the inside \* Body hurts too much to feel \* And pressure adds to pain \* Deliver us from evil \* Straying out of sanity \* Why can't you let me be \* Is nothing else important \* Does my mind mean more to you \* Cause if I carry on \* Deliver us from evil \* Screaming for your vanity \* Will darkness turn to light \* Will darkness turn to light \* Can someone wake me from this nightmare \* Here we go \* Here we go \* The tank is empty let it dry \* I'm suffering \* A passion ending so the world ceases turning \* The tank is empty let it dry \* So now I hope you see \* I'm nothing more than human \* Making plans for enemies \* But here we go again \* Deliver us from evil \* Crawling back to insanity \* Will darkness turn to light \* Will darkness turn to light \* Can someone wake me from this nightmare \* Here we go \* Here we go \* The tank is empty let it dry \* I'm suffering \* A passion ending so the world ceases turning \* X2 \* The tank is empty let it dry \* I'm suffering \* What's happening to me I'm dying from the inside \* Body hurts too much to feel \* And pressure adds to pain \* Deliver us from evil \* Through evil \* Pressure adds to pain \* We're evil \* We're evil \* We're evil \* Will darkness turn to light \* Will darkness turn to light \* Can someone wake me from this nightmare \* Here we go \* Here we go \* The tank is empty let it dry \* I'm suffering \* The tank is empty let it dry \* I'm suffering A passion ending so the world ceases turning (repeat)

## TAKE IT OUT ON ME

Oh yeah \* I'm always thinking of you and all the things that you do \* Self-centred satisfaction no more will I run from you \* Dysfunction family values I'll die but I will not fear \* Stop talking words of wisdom you fool I'm standing right here \* The world is on your shoulders \* The weight it's crushing me \* Now we're all getting older \* Take it out, take it out, take it out, take it out \* Take it out on me, take it out on me \* Take it out on me, take it out on me \* Vent your frustration on me \* I feel so much destruction in everything that you do \* Anger is creeping in me watch I don't explode on you \* My rage it comes so quickly one spark and I will ignite \* Self-harming mutilation cuts deep but the pain feels so right \* The world is on your shoulders \* The weight it's crushing me \* Now we're all getting older \* Take it out, take it out, take it out, take it out \* Take it out on me, take it out on me \* Take it out on me, take it out on me \* Vent your frustration on me \* This fire burns inside \* Turning things inside There's no where left to hide \* This fire burns inside \* This fire burns inside \* This rage can't be denied \* The world is on your shoulders \* The weight it's crushing me \* Now we're all getting older Take it out, take it out, take it out, take it out \* Take it out on me, take it out on me \* Take it out on me, take it out on me \* Vent your frustration on me \* Take it out

## SAY GOODNIGHT

Heavens waiting for you \* Just close your eyes and say goodbye \* Hearing your pulse go on and on and on \* I live my life in misery \* I'd sacrifice this world to hold you \* No breath left inside of me Shattered glass keeps falling \* Say goodnight \* Just sleep tight \* Say goodnight \* Flowers laid out for you \* So many colours leave me blind \* Seeing your face reflect from our babies eyes I live my life in misery \* I'd sacrifice this world to hold you \* No breath left inside of me Shattered glass keeps falling \* Say goodnight \* Just sleep tight \* Say goodnight \* So here I am your inside of me So here I am our world is over \* X2 \* Here I am with you I'm there til the end \* Memories are calling so farewell my friend \* Farewell my friend \* X2 \* My friend \* X3

## END OF DAYS

We're wasting precious time \* The clock is ticking \* Can you hear the countdown \* With every hour give me the power \* I need the strength to carry on \* On and on \* No more I care to live when I'm just born to die \* We're all born to die \* Born to die \* X2 \* Never before, never again \* Behold this travesty \* Never before, never again \* Behold adversary \* X2 \* Befriend my enemies My pulse is racing I can hear my heart beat \* Is this the last time \* You get to be mine \* I lack the will to carry on \* On and on \* No more I care to live \* When I'm just born to die \* We're all born to die Born to die \* X2 \* Never before never again \* Behold this travesty \* Never before never again Behold adversary \* X2 \* No more sorrows, no tomorrows \* I've never felt alive before \* With every hour give me the power \* I need the strength to carry on \* On and on \* No more I care to live when I'm just born to die \* We're all born to die \* Born to die \* X3 \* No more I care to live when I'm just born to die \* Born to die \* To die \* X3

## LAST TO KNOW

Here come broken bones \* Where's your sticks and stones \* Words you use to hurt me Something you should know \* Cannot take no more \* Time to settle scores \* Filled with rage and fury Blood I'll make it our \* Hypocrisy from jealousy X2 \* Lies you spit are harmless to me Your spite your greed your envy \* Why do you stoop so low \* Am I the last to know \* X2 \* Where's your big mouth now \* Hope you're f\*\*\*ing proud \* Do you like your bruises \* Now you make no sound \* Is your lesson learned \* How the tables turn \* What were your intentions \* To hell with you now burn \* Hypocrisy from jealousy x2 \* Lies you spit are harmless to me \* Your spite your greed your envy \* Why do you stoop so low \* Am I the last to know \* X2 \* Am I the last to know \* X2 Hypocrisy from jealousy X2 \* Lies you spit are harmless to me \* Your spite your greed your envy Why do you stoop so low \* Am I the last to know \* X2

## FOREVER AND ALWAYS

Forever and always \* That time is here again \* Prepare to be apart \* And it drives you crazy Each time I go away the distance gets longer \* But it makes us stronger \* Should it all come crashing down around me \* Would you be there should I stumble and fall \* And pick up the pieces Forget about the s\*\*\* that we've been through \* I wanna stay here forever and always \* Standing here in front of all of you \* I wanna stay here forever and always \* These days are dead again It's empty from the start \* And it drives me crazy \* The hours drift away it hurts to remember This will soon be over \* Should it all come crashing down around me \* Would you be there should I stumble and fall \* And pick up the pieces \* Forget about the s\*\*\* that we've been through I wanna stay here forever and always \* Standing here in front of all of you \* I wanna stay here forever and always \* Forever and always \* X3
